## PARTICIPATION RULES

1. Base of dummy cannot be wider than 4'9" (skis, sled, or whatever the dummy goes down the hill on)
2. The weight limit of 200 lbs for all entries will be enforced due to the location of the launch.
3. No materials that release poisonous emissions or are burning can be used.
4. No sand, glass or cement blocks are to be used for excess weight.
5. No sawdust, confetti, or anything that would interfere with the quality of the snow is permitted.
6. No explosives or fireworks that "blow up" may be used.
7. If using sparklers or sounds, you need to wait until the Dummy launches before "igniting" (crowd safety)
8. The dummy MUST have a way to be towed up the hill by a snowmobile.
9. A brief description needs to be submitted with each entry at inspection. Be creative! (Must be in writing and must describe the team; who built it and what it is)
10. At least one member from each team is responsible for helping to clean up the mess after the contest is over.

If your department/team agrees and understands the above mentioned regulations for this event, please sign below. Sugarloaf is not responsible for any damage to persons or property while willingly participating in this or any other WWWW sponsored activity.
